

Missed the Beginning Of Your Show? **Restart It!**

The Restart TV service allows TV customers the ability to restart a TV program that is already in progress. Or, if you are browsing channels and see a show you wanted to watch that has already begun, you can restart it and watch it from the beginning.

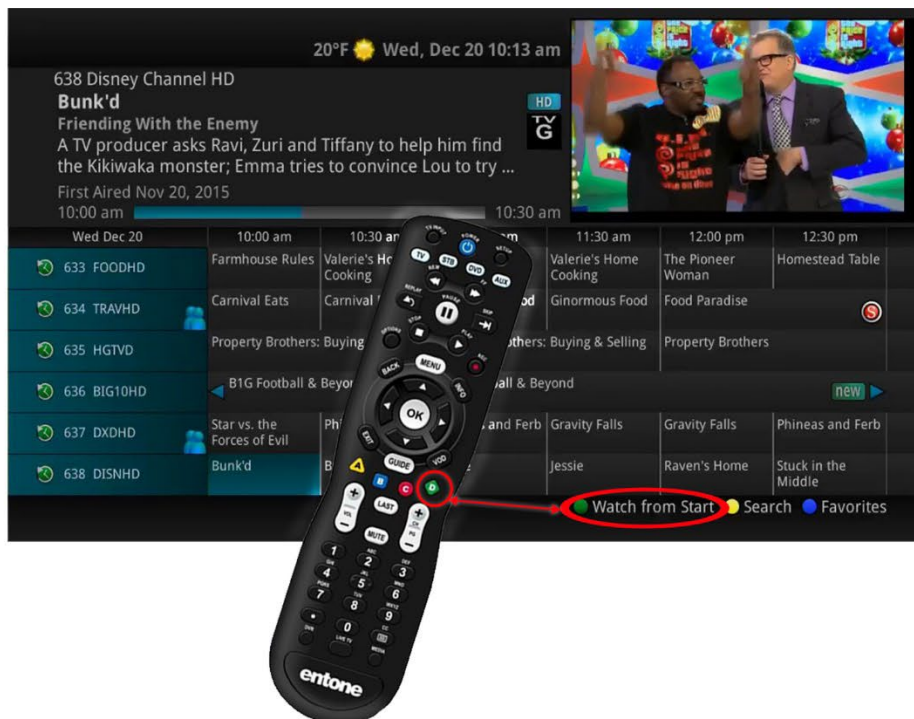

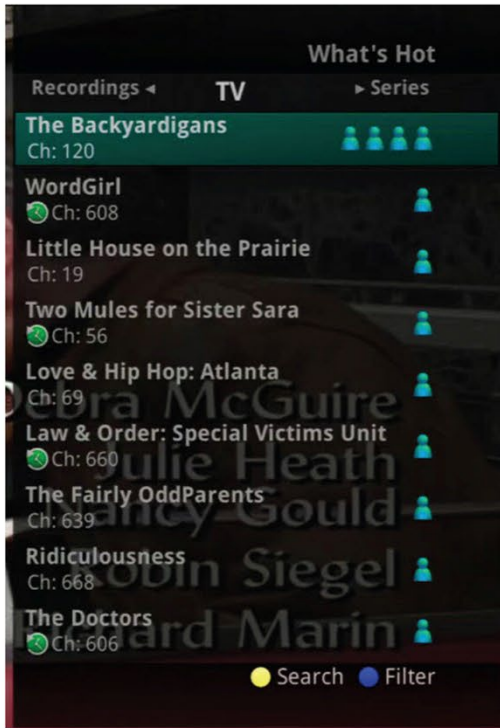

Restart TV

- Gives you the flexibility with your TV program viewing and schedule.
- Allows you to restart a show already airing by the press of one button.
- Permits use of certain DVR functions (Pause & Rewind)

Restart TV in the Program Guide and Browser Bar

Restart TV programming is indicated by the green and white Restart Icon next to the channel in the on-screen Program Guide. Highlight the program and press the GREEN button on the remote control to Restart and watch the program from the beginning.

Restart TV in the What's Hot App

The "What's Hot" function in your Guide gives you real time information about what others in your area are watching. Use Restart TV to view or record the most watched TV programs, Recorded Programs and Service Recordings. All Restart TV programs are indicated by the green and white Restart icon next to the channel information. Highlight a program and press the green button on the remote control to tune to the program and watch it from the beginning.

Recording a Restarted Program

You can DVR the show you have restarted. Press the "Record" button on the remote, then select the "One-Time" or "Series" option. Press "OK." The program will be recorded to view later, and you can now leave the restart program by changing the channels or pressing the "Guide" button.
