ExperienceIQ

This powerful feature lets you manage screen time, content, access to websites and applications, all from the app. It also lets you prioritize which devices should get preferred connection, so if you work from home and want to make sure you always have enough bandwidth, this feature is for you.

ProtectIQ

As hackers become increasingly sophisticated, your network requires an equally innovative solution. ProtectIQ keeps a lock on your network and alerts you when unwanted visitors, hackers, viruses, or malware try to visit. If it's connected, it's protected!
